Subject: SIEF Copper Speiss -nomination of Lead Registrant

Dear Members of the SIEF on Copper Speiss (EC 273-836-9)

Through a previous message from SFF Boliden, we informed you on the intention of Boliden to act as Lead Registrant for the dossier on aforementioned substance. For your information, please find enclosed the letter from the SFF/Lead Registrant to Pre-SIEF members on substance identity, that was previously sent to you in the context of the "sameness discussion" .

Today Boliden would like to advise all SIEF members that it is nominated as LEAD REGISTRANT for the aforementioned dossier. For your consideration, please find below the message sent from Lead Registrant Boliden to ECHA confirming the nomination.

Boliden is member of the REACH Copper Consortium managed by the European Copper Institute (ECI) and is preparing the Joint registration dossier for the first registration deadline 2010, as a substance used as intermediate under Strictly Controlled Conditions. We take the opportunity to thank those who responded to our "sameness" survey.

On basis of the previously outlined dossier specificities and substance ID, the REACH Copper Consortium, in close cooperation with the Lead Registrant will now move on in the preparation of the registration dossier. Please let us know soon in case you have relevant data to share.

With best regards, Katia Lacasse

Subject: RE: NOMINATION AS LEAD REGISTRANT FOR SUBSTANCE SPEISS, COPPER

Dear Louise Loefroth,

Thank you for your email. ECHA is grateful for this information.

The information about the nomination of a Lead Registrant is being collected in order that ECHA can make better estimates of the proportion of SIEFs, which have reached agreement on the one registrant that shall submit his registration with the agreement of the other assenting registrant(s) first. The functional mailbox you used serves this purpose. In case you informed ECHA in respect of a potential future nomination as a Lead Registrant, please send another communication to this same mailbox, once you
